

Datasheet - S2 ZIP ANCHOR

The product has been designed to provide a cost-effective, reliable and simple solution for holding down:

- High Performance Turf Reinforcement Matting
- Landfill Rain Covers
- Waste Containment
- High Density Polyethylene Liners
- Grass Pavers and Concrete Filled Cloth

The S2 Zip Anchor is a low cost reliable option installed with simple hand tools which can be used in a wide range of soils with ultimate loads of up to 65kg / 150lbs.

The system's unique design incorporates our T-Loc technology with a simple cable tie style adaption to provide an adjustable and secure retaining cap.

Its easy to use and offers a much better alternative to traditional pins which are unreliable and easily pulled out.
